

Should I get my hearing tested?

Do you have confirmed hearing loss?

Yes

You should have your hearing aids and other hearing devices checked at least once a year. You should also get your hearing checked if you notice a change in how well you hear.

No

Are you older than 60?

Yes

Are you or a loved one worried you're not hearing as well as you used to?

Yes

You probably need your hearing tested.

No

It's a good idea to get a baseline test and then get retested later if you or a loved one become worried about how well you're hearing.

No

Do you work in a high-noise occupation? (Construction, military, restaurants, etc)

Yes

No

No need to have a hearing test, unless you're worried you're not hearing well.
